Executive Summary

A motivated cybersecurity fresher with hands-on experience in vulnerability assessment and log analysis using tools like Nessus and Burp Suite. Possesses a strong foundation in security analysis and risk management, along with practical training and problem-solving skills. Eager to contribute to cybersecurity operations while continuously learning and adapting to emerging security challenges.

Technical Skills:

- **Programming Languages:** Python, Java, PHP
 - **Tools & Software:** Nessus, Burp Suite, MS Word, MS Excel, MS PowerPoint
 - **Databases:** SQL
 - **Cybersecurity & Networking:** OSINT, Vulnerability Assessment, Penetration Testing
 - **Operating Systems:** Windows, Linux (Ubuntu, Kali), macOS
 - **Web Technologies:** HTML
-

Soft Skills:

- **Communication & Teamwork:** Able to collaborate effectively in team environments and communicate ideas clearly
 - **Problem Solving:** Strong analytical thinking developed through cybersecurity projects and vulnerability analysis
 - **Time Management:** Capable of handling multiple tasks efficiently during internships and academic work
 - **Adaptability:** Quick learner with the ability to adapt to new tools, technologies, and environments
 - **Attention to Detail:** Careful in analyzing logs and identifying security threats with accuracy
 - **Multilingual Abilities:** English (Fluent), Tamil (Native), French (Basic)
-

Education:

- **Post Graduate Diploma in Cyber Security & Digital Forensics (PGDCSDF)**
Rashtriya Raksha University | Puducherry | 2025-26
- **Bachelor of Computer Applications (BCA) – Cyber Security**
Hindustan Institute, Chennai | 2022-25
- **Higher Secondary Certificate (HSC)**
Vidya Bhavan Higher Secondary School | Puducherry | 2021-22

Professional Experience:

HTC Global Services – Chennai, India

July 2024 – June 2025

ROLE: Project Trainee

Responsibilities:

- Conducted vulnerability assessments using tools like Nessus and Burp Suite.
- Analyzed system and network logs to detect suspicious activities.
- Assisted in identifying and reporting security vulnerabilities.
- Supported risk analysis and mitigation planning activities.
- Maintained documentation of security findings and reports.
- Stayed updated with latest cybersecurity trends and technologies.
- Collaborated with team members to improve system security measures.
- Performed basic penetration testing tasks under guidance.
- Assisted in monitoring systems for potential threats.

Impact:

- Contributed to identifying multiple security vulnerabilities in systems
- Improved threat detection accuracy through detailed log analysis
- Supported the team in strengthening overall system security
- Gained hands-on experience in real-time cybersecurity operations
- Enhanced efficiency in vulnerability assessment processes

Certifications & Achievements:

- Certified in Ethical Hacking – Guvi Education | (2022)
- Certified in Networking – Guvi Education | (2022)
- Certified in Dark Web – Guvi Education | (2022)
- Completed Bootcamp in Penetration Testing – Hackers Villa Cybersecurity Pvt Ltd | (2023)

Academic & Technical Participation:

- Participant, Poster Presentation – SRM University TechUtsav 8.0 | (2023)
- Participant, Paper Presentation – AURGANON23, SRM Ramapuram | (2023)
- Participant, Hackathon – Crescent Institute of Technology and Science | (2023)
- Participant, TryHackMe Hackathon (OSINT Techniques – Sakura Room) | (2024)
- Participant, DefCon Coimbatore event – AI with Cybersecurity | (2025)
